The first seekers have passed the last decade trying to develop a "pink pill" for women a function as Viagra makes for men. So we never need to judge ourselves in the function of the experiences of others. Once you understand these factors, and how to influence them, you can create a better sex and a further pleasure than you ever thought possible. And Emily Nagoski can prove it. Which means that the stress, the state of at least, trust and body image are not peripheral factors in the sexual welfare of a woman; They are fundamental for it. Because women vary, and that is normal. The first lesson in this essential and transformer book by Dr. Emily Nagoski is that each woman has her own unique sexuality, such as a fingerprint, and that women vary more than men in our anatomy, our sexual response mechanisms And the way our bodies respond. To the sexual world.
